SAWDLED	Sodden. Imperfectly cooked
SAY	Sea. "We're goyn out say dreckly te see fer a few mackerel."
SAYST	Say. Did you say"
SCAALD	Scald. In making Comish cream. There were two basic methods of making clotted cream. 1. To allow the milk settle usually overnight allowing the butter fat to come to the surface. This would then be gently heated (scawlded) until a crust has formed. This cream is then lifted off with great care and tat's your clotted cream. 2. Milk is placed into a geared centrifuge known as a milk seperater. There are two tubes one higher than the other and as a handle is turned the butter fat comes out of one and the skimmed milk out of the other. The butter fat portion (the cream) is again allowed to settle and is gently simmered on Its own, possibly standing in water. This then becomes the cream and it has a distinctly different texture and taste to the former method.
SCAB	The congealed cover to a cut. "That cut 'ave scabbed aver nicely now; went be long 'afore 'ee's all healed aver."

SCABBY-GULLION	A stew of cut up meat and potatoes
SCADE/SCOAD	To spread (manure)
