

# *Voices of Cornwall*

'Voices of Cornwall: Kernow Through Story and Song' is a CD recording that tastefully combines the best of Cornish Storytelling with the best of Cornish singing. It is a homage to the oral history of Cornish culture.

All profits will go to The Fishermen's Mission in Cornwall. They will use the funds to assist active and retired fishermen and their families.

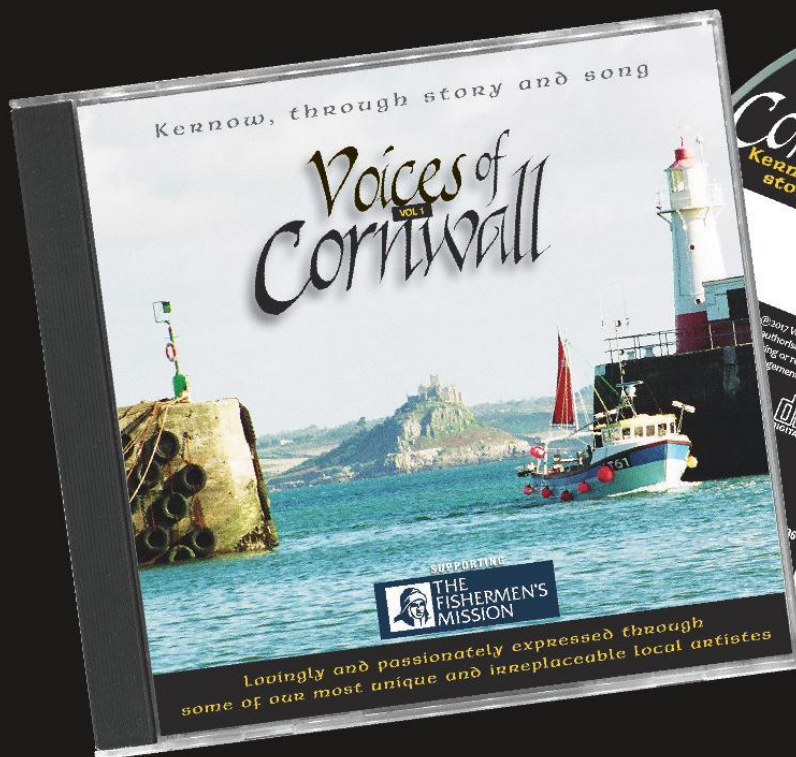

This CD would appeal to anyone who loves good storytelling and singing and the connections oral expression provide to a sense of place.

Anywhere in the world there is a mine, you will find a Cornishmen at the bottom.
